

The University of Chile and the Pontifical Catholic University of Chile are located in the heart of the capital city of Santiago. During the ILP, students live in homestays in the city and then have the opportunity to find their own housing for the duration of the program. Other cultural excursions during the term include a trip to the government palace, La Moneda, a famous vineyard, Concha y Toro, La Ruca Mapuche, the Invisible City, Pomaire and Valparaíso.

During orientation students travel to either Cajon del Maipo (Spring/Year term) in the mountains or to the beach at Algarrobo (Fall term). During these three-day trips, students have the opportunity to participate in many outdoor activities, eat wonderful Chilean cuisine and explore new areas of the country. This is a fun time where students get to know each other and the staff in Chile.
