Students will fly in and out of San Jose and stay there for the first two nights before heading out to the field trip. On the last day of the program, all students will travel together from Monteverde to San Jose to catch their flights home.

Fall & Spring students start their field trip in Guanacaste.

The next two stops on the Fall field trip are Cuajiniquil, where students stay with host families, and Isla San Jose.

After the field trip, students travel to Monteverde to take classes and work on their independent research projects.

In the middle of the program, students trek to a remote field station in Peñas Blancas.

Spring students travel from Guanacaste to the South to explore Isla Violin and the Corcovado National Park.
