In my words: *I chose to study in Berlin, because I saw it as a great opportunity to improve my German and to experience the culture I study. I saw the Immersion Program through UCEAP at the Humboldt Universität the best way to do so*

In my words: *This program is a once in a lifetime opportunity. When else will you be able to live in a foreign country where your only responsibilities are to learn and explore with so many amazing people? The best part of it all is that the UCEAP staff at the Study Center are always willing to help you out: from academics to doctors to finding housing. You can never go wrong with study abroad.*

In my words: *Studying abroad at the Free University in Berlin was a once in a lifetime opportunity I will never forget. From sitting by the Spree river with friends to attending a philharmonic concert, Berlin has something to offer for everyone. UCEAP was the best support system I could have asked for, which helped me along the process one step at a time. I would highly recommend this program to anyone interested in studying abroad in Germany.*
