Summer Abroad with the University of California

Our mission is to equip students of all majors and backgrounds with the knowledge, understanding and skills for work and life in a globally interdependent and culturally diverse world.

The UCEAP Advantage

UCEAP is the only study abroad provider representing the entire University of California system. Our UC-approved programs offer UC credit, grades and financial aid. Through immersive language study, educational trips, internships and research, we invite you to explore new cultures, gain valuable professional training, and become globally conscious and involved.

What You Can Expect

**INSPIRATION:** Choose from exciting destinations and top universities in all sorts of settings around the globe: big cities, rainforests, islands, you name it!

**FUNDING:** UC financial aid covers all program costs and our own scholarships ensure you can study abroad on a budget.

**CREDIT:** Courses taken abroad are UC-approved, award UC credit, and may be applied to your degree requirements so you graduate on time.

**ACCELERATION:** Earn substantial unit credit or jump-start your language studies in just 4 to 9 weeks.

**TRAINING:** Gain valuable professional skills and training for your future.

**OPTIONS:** Extend your stay to a fall term or full year abroad.

**ACCESS:** Gain entry with minimum to no language prerequisites in most locations or study in English.

**ACHIEVEMENT:** Take on an experience that will change your life and return with clarity and the confidence to meet your life goals.

Beginning to Advanced Chinese
Gain up to a year of Chinese language credit while studying in Beijing, a bustling capital with centuries of history and culture. Boost your skills in conversation, reading, listening and writing at all levels. Cultural activities and trips will deepen your understanding of China. For more experience, extend your stay in Beijing to the fall.

- **Units & Duration:** Earn 15 UC qtr/10 sem units in 8 weeks
- **Language Prereq:** None
- **Program:** Language & Culture, Beijing Normal University

Summer Studies in English
Shanghai is an exhilarating, global city and cultural nexus within China. Enjoy courses, taught in English by international faculty, in business and economics, Chinese politics, communication, culture and Chinese language. Extracurricular activities introduce you to the rapidly evolving city and provide deeper insights into China’s history, customs and daily life.

- **Units & Duration:** Earn up to 12 UC qtr/8 sem units in 6 weeks
- **Language Prereq:** None
- **Program:** International Summer School, Fudan University

Public Health in the Caribbean
This is a rare opportunity to acquire practical medical training in a developing country. Instruction includes 6 weeks of courses in urban Santiago and a week of field study in a semi-rural clinic—through which you will explore health management and preventive medicine programs, interact in clinical settings and advance your conversational Spanish. Guided visits to historical sites and a weekend trip in the capital of Santo Domingo are included.

- **Units & Duration:** Earn 13.5 UC qtr/9 sem units in 7 weeks
- **Language Prereq:** Min 2 yrs
- **Program:** Community Public Health, Santiago
En Français, S’il Vous Plaît
Study French from the beginning to intermediate level in Paris. Small classes and individualized attention accelerate your learning while the city serves as an extended classroom. Excursions to world-famous museums and other cultural sites enrich your understanding of French language, history and art.

Choose one of two tracks:
**Semi-Intensive:**
- **Units & Duration:** Earn 9 UC qtr/6 sem units in 7 weeks
- **Language Prereq:** Exactly 0 qtrs/sems (min & max)

**Intensive:**
- **Units & Duration:** Earn 14 UC qtr/9.3 sem units in 7 weeks
- **Language Prereq:** None; Max 5 qtrs/3 sems
- **Program:** Language & Culture, UC Center Paris

Deutschland à La Carte
Berlin is both a trendy, contemporary capital and the historic epicenter of events that have shaped the political and cultural landscape of the modern world. In this stimulating setting, you will pick from a menu of topics that include German language and/or social science, science and humanities courses in English to create your own customized program.

- **Units & Duration:** Earn 10 UC qtr/6.7 sem units in 4 weeks
- **Language Prereq:** None
- **Program:** International Summer School, Free University Berlin
Summer School for Engineers
This program offers intensive courses in civil, chemical, electrical and mechanical engineering and features both theoretical learning and practical experience. You also have the option to take a course on Innovation Management or German language for beginners. Class sizes are small. Site visits to relevant companies and research facilities are included, as well as cultural activities and excursions to the German Bundestag and Potsdam.

- **Units & Duration:** Earn 10 UC qtr/6.7 sem units in 6 weeks
- **Language Prereq:** None
- **Program:** Technical University Berlin, Summer School

Engineering for Sustainability
Discover innovations in sustainability and green technology in Munich, one of the leading economic regions and technological hubs in Europe. Courses in mechanical and electrical engineering, management and entrepreneurship incorporate project-based learning, lab experiments and simulations, as well as visits to global companies headquartered in the city.

- **Units & Duration:** Earn 12 UC qtr/8 sem units in 5 weeks
- **Language Prereq:** None
- **Program:** Engineering for Sustainability, Munich University of Applied Sciences

Experience Ghana
Interdisciplinary coursework combines with hands-on group projects in this program focused on the fields of healthcare, education and social services. You will apply what you learn in class and design solutions that contribute to equitable and sustainable development within the context of current Ghanaian issues. Warm and friendly people and a rich cultural history in a rural setting in central Ghana round out your experience.

- **Units & Duration:** Earn up to 10 UC qtr/6.7 sem units in 6 weeks
- **Language Prereq:** None
- **Program:** Summer in Ghana, University of Ghana
Hong Kong & China Multi-Site

Global Business in Hong Kong & Shanghai
Gain an in-depth understanding of the economic development and business environment in China. You’ll spend 2 weeks each in Hong Kong and Shanghai—two of Asia’s most energetic financial centers. Taught in English, this is an invaluable learning experience for anyone interested in business, networking internationally, or career opportunities in East Asia.

- **Units & Duration:** Earn 10 UC qtr/6.7 sem units in 4 weeks
- **Language Prereq:** None
- **Program:** Global Business in Asia, University of Hong Kong

International Summer School
Join a global student community sharing in HKUST’s mission to advance knowledge in science, technology, engineering and business. Top courses taught in English are held at an ultramodern campus just 30 minutes from the city center. Ranked among the top five best student cities in the world by QS University Rankings, Hong Kong is ideal for exploration, adventure and endless attractions.

- **Units & Duration:** Earn up to 13.5 UC qtr/9 sem units in 6 weeks
- **Language Prereq:** None
- **Program:** International Summer School, Hong Kong University of Science & Technology

Undergraduate Research
Add research skills to your résumé this summer working on a project directed by an international faculty member. Generally reserved for graduate-level studies, this is a unique opportunity for undergraduates to investigate topics ranging from the arts to engineering, law, psychology, education and more at a leading research university with a global vision.

- **Units & Duration:** Earn 9 UC qtr/6 sem units in 8 weeks
- **Language Prereq:** None
- **Program:** Undergraduate Research, Chinese University of Hong Kong
Intern & Research in Modern India
This is an enlightening opportunity to explore shared interests with Indian faculty and professionals in the beautiful cultural and academic center of Pune. After an interactive seminar on Indian history and society as well as field visits, you embark on a 6-week internship or directed research project on a topic of your choice under the guidance of an intern supervisor or faculty mentor.

- **Units & Duration:** Earn 9 UC qtr/6 sem units in 6 weeks
- **Language Prereq:** None
- **Program:** Internship & Research, Pune

India

Development & Community Fieldwork
Get an unforgettable glimpse of India through a combination of classes, cultural workshops and fieldwork with Indian and international students. The final 2 weeks of the program include community field service with a relief organization in rural Rajasthan. Program trips to the Taj Mahal in Agra and the Pink City of Jaipur expand your understanding of local dialects, diet, dress, housing and the arts.

- **Units & Duration:** Earn 9 UC qtr/6 sem units in 6 weeks
- **Language Prereq:** None
- **Program:** International Summer School, Jamia Millia Islamia University

Ireland

Accelerated Physics or Computer Science
In less than 2 months, you can complete a year sequence of calculus-based physics or take exciting courses in computer science at the new University College Dublin Science Centre. As the republic’s political capital, student-friendly Dublin is an ideal destination for networking with top students and faculty in your field. An exciting program of social and cultural activities is included to complete your Ireland experience.

- **Units & Duration:** Earn 12 UC qtr/8 sem units in 8 weeks
- **Language Prereq:** None
- **Program:** Science & Engineering Summer School, University College Dublin

Italy

La Dolce Vita in Firenze
Immerse yourself in intensive Italian language study from beginning to advanced levels in the magnificent city of artisans. Enrich your language studies with a culture course taught in English. All courses include site visits, which take advantage of Florence’s inexhaustible wealth of art, architecture and history. You also have the option to extend your study abroad experience and stay in Florence or Rome through the fall.

- **Units & Duration:** Earn 14 UC qtr/9.3 sem units in 8 weeks
- **Language Prereq:** None; Max 5 qtrs/3 sems
- **Program:** Language & Culture, UC Center Florence (Quarter)
Engineering & Science Lab Research
Work within a Japanese lab team for 8 weeks on a research project in areas such as nanotechnology and molecular science, life science and biotechnology, systems and robotics, computing and information science, advanced material science, photon science and other emerging fields. Cultural activities help you explore Osaka’s traditional parks, temples, shrines, amusement parks and active nightlife.

- **Units & Duration:** Earn 12 UC qtr/8 sem units in 8 weeks
- **Language Prereq:** None
- **Program:** Summer Lab Research, Engineering & Science, Osaka University

Japanese for Beginners
Gain up to a year of language training in just one summer and return to UC at an intermediate level. Designed for beginners, this accelerated program offers interactive and practical language instruction in Osaka, a modern city close to historic Kyoto and Nara. Practice Japanese with locals as you sample amazing cuisine, shop, and engage in field trips and cultural activities.

- **Units & Duration:** Earn 12 UC qtr/8 sem units in 8 weeks
- **Language Prereq:** None
- **Program:** Beginning Japanese, Osaka University

Science Research Internship
This full-time research internship is led by faculty at the University of Tokyo. Shared dialogue, experiments and peer consultation are integral to the program, where you focus your research with a team in physics, astronomy, earth and planetary science, biophysics and biochemistry, biological sciences or chemistry. Survival Japanese language and cultural activities complement your project.

- **Units & Duration:** Earn 7.5 UC qtr/5 sem units in 6 weeks
- **Language Prereq:** None
- **Program:** Summer Lab Research, Science, University of Tokyo
Global Views Today
Explore psychology, Korean literature, business, politics and more in Seoul, the energetic capital alive with activity. Courses taught in English attract students from around the world. The program includes field trips and activities like hip-hop dance, tae kwon do, Korean cooking and K-pop singing. You may also intern in a corporate setting or conduct research for UC credit.

- **Units & Duration:** Earn 9–13.5 UC qtr/6–9 sem units in 6 weeks
- **Language Prereq:** None
- **Program:** International Summer School, Yonsei University

Korea
Seoul

Contemporary Mexico
Rivaling Paris, France in its number of museums and cultural attractions, Mexico City is a world capital waiting to be explored. This 5-week program offers a preview of Mexican life, culture and politics. An active calendar of trips to cultural sites brings your classes alive. Spanish language study, customized to your skill level, complements a core Contemporary Mexico class and an elective at the amazing Casa de California in Coyoacán.

- **Units & Duration:** Earn 10.5 UC qtr/7 sem units in 5 weeks
- **Language Prereq:** None
- **Program:** Contemporary Mexico, UC Center Mexico City

Mexico
Mexico City

Morocco
Rabat

Intensive Arabic Language
Pack a full semester of intensive (all-levels) Arabic learning into 8 weeks with quality instruction from well-established AMIDEAST, an organization devoted to forging cooperation between the US and the Middle East. A placement test on arrival determines your Arabic language proficiency. Excursions and homestay placements with local Moroccan families enhance the experience and encourage the development of Arabic language skills. Modern standard Arabic classes are held in Rabat’s bustling Agdal district.

- **Units & Duration:** Earn 7.5 UC qtr/5 sem units in 8 weeks
- **Language Prereq:** None
- **Program:** Intensive Arabic Summer

Morocco
Rabat
**Europe in English**
Bordering Belgium and Germany, Maastricht is a jewel of a city and international hub for trade, education and travel. Gain a European perspective on subjects including business, public health, history and politics. Classes include field trips, museum visits and on-site seminars. You’ll enjoy a program-organized shopping tour, day trip to Amsterdam, and a series of social activities and local excursions designed to make you feel at home.

- **Units & Duration:** Earn 10 UC qtr/6.7 sem units in 6 weeks
- **Language Prereq:** None
- **Program:** International Summer School, Maastricht University

---

**Russia**

**St. PETERSBURG**

**Russian Area Studies**
Enjoy an ideal introduction to Russia’s history, current politics, business and culture in the warm weather and “white nights” of beautiful St. Petersburg. Courses include an optional survival Russian language course. As you gain an in-depth understanding of modern Russian society, you will enjoy excursions to local museums and historical sites. The program includes a homestay and a variety of cultural activities.

- **Units & Duration:** Earn 9 UC qtr/6 sem units in 8 weeks
- **Language Prereq:** None; Max 5 qtrs/3 sems
- **Program:** Summer Russian Area Studies, St. Petersburg

---

**Advanced Russian Language**
Master Russian grammar and hone your conversation skills as you experience St. Petersburg’s buzzing intellectual scene. This immersive language program for intermediate to advanced students includes electives in film, Russian media and music as well as exclusive tours and overnight trips to Moscow and Novgorod. You will live with a Russian family to immerse in daily Russian life and language.

- **Units & Duration:** Earn 15 UC qtr/10 sem units in 9 weeks
- **Language Prereq:** Min 2 yrs
- **Program:** Summer Russian Language, St. Petersburg
Biodiversity Field Research in Asia
Develop skills as a scientist conducting field research in the diverse habitats of Southeast Asia. Rainforests, mangrove swamps and coral reefs rich in biodiversity are your lab to study sustainability and ecological preservation. Courses are taught in English and include Indonesian or Chinese language study as well as a 1-week excursion on a Malaysian island. This program is designed for students in the life sciences, but all majors are welcome.

• **Units & Duration:** Earn 12 UC qtr/8 sem units in 5 weeks
• **Language Prereq:** None
• **Program:** Biodiversity, National University of Singapore

Internship in Science & Engineering
Engage in a full-time, high-level internship working directly with international scientists. Hands-on research is offered across 21 science and engineering institutes. The modern city-state of Singapore—with its fusion of Chinese, Malay, Indian and Western traditions—adds to a uniquely global experience as you join lab meetings and collaborate with experts.

• **Units & Duration:** Earn 10 UC qtr/6.7 sem units in 9 weeks
• **Language Prereq:** None
• **Program:** Science & Engineering Internship, Agency for Science, Technology & Research

Barcelona Summer
The Autonomous University of Barcelona, the highest ranked university in Spain, is situated just outside of Barcelona on the Balearic Sea. On this program, take two courses in English with international and Spanish students. Campus housing helps you assimilate with university life. Create your own moveable feast dining on first-rate tapas on panoramic terraces. Barcelona’s architecture spans thousands of years and the city has long inspired artists including Salvador Dalí, Pablo Picasso and Joan Miro.

• **Units & Duration:** Earn 9–10 UC qtr/6–6.7 sem units in 6 weeks
• **Language Prereq:** None
• **Program:** International Summer School, Autonomous University of Barcelona
Swedish Language & Culture
Summer is a beautiful time of year in Scandinavia, particularly in multicultural Lund, where medieval charm mixes easily with a progressive society. This language-based program offers Swedish instruction at all levels, along with a vibrant experience in Swedish culture and life through field trips, guest lectures and social activities.

- Units & Duration: Earn 10 UC qtr/6.7 sem units in 6 weeks
- Language Prereq: None
- Program: Language & Culture, Folkuniversitetet

Spanish for Beginners
Receive accelerated Spanish language training in Madrid, the ultimate language lab. Take a culture course taught in renowned museums such as the Prado, Reina Sofia and Thyssen. Program excursions include a weekend in Galicia and city tours to introduce you to Madrid’s friendly vibe, amazing food, rich history and diverse districts.

- Units & Duration: Earn 12 UC qtr/8 sem units in 7 weeks
- Language Prereq: None; Max 1 yr
- Program: Language & Culture, UC Center Madrid

Specialized Mandarin Language Instruction
Join students from all over the globe at the renowned Mandarin Training Center. There you will enjoy dynamic, intensive study of Chinese language with audiovisual and multimedia instruction. Out of class, take in stunning landscapes, delicious foods and the cultural sites of a modern island nation. The program is offered at any language level and uses traditional characters. For more Chinese language study, continue into the fall.

- Units & Duration: Earn 10.5 UC qtr/7 sem units in 9 weeks
- Language Prereq: None; Max 3 yrs
- Program: Language & Culture Summer Sessions, National Taiwan Normal University

Engineering & Science Lab Research
Undertake a special project in engineering or science with a research team in one of National Taiwan University’s state-of-the-art laboratories. Excursions and field trips, cultural activities and a series of English-language lectures will introduce you to the people and culture of Taiwan.

- Units & Duration: Earn 8 UC qtr/5.3 sem units in 6 weeks
- Language Prereq: None
- Program: Lab Research, Engineering & Science, National Taiwan University
Buddhism, Society & Development

Discover how traditional and modern Thailand converge in two Thai studies courses. Thai language instruction and excursions complement class studies with trips to Buddhist monasteries, ancient Ayutthaya, an elephant sanctuary and floating markets. Consider also applying to the fall or year in Bangkok to fully experience this political, economic and spiritual center.

- **Units & Duration:** Earn 12 UC qtr/8 sem units in 7 weeks
- **Language Prerequisite:** None
- **Program:** Interdisciplinary Thai Studies, Thammasat University

Field Studies in Public Health

Designed for students with interests in pre-med, community studies and public health, this exciting program combines language, culture and health courses with fieldwork and lab-based activities. Two week-long excursions will take you to community health facilities at border sites between Thailand and Burma (Myanmar) to observe firsthand the healthcare challenges in a rural community setting.

- **Units & Duration:** Earn 12 UC qtr/8 sem units in 7 weeks
- **Language Prerequisite:** None
- **Program:** Public Health, Thammasat University

Turkey & Italy

Multi-Site

International Summer School

At the center of the ancient world lies Istanbul, a capital city of three world empires that now fuses with a modern, secular society. Amid a backdrop of Ottoman mosques, bazaars and the Black Sea, you’ll study in English at a university recognized internationally for education and research. Pursue any subject for your major alongside students from all over the globe and discover the mélange of Turkish culture.

- **Units & Duration:** Earn 13.5 UC qtr/9 sem units in 7 weeks
- **Language Prerequisite:** None
- **Program:** International Summer School, Bogaziçi University

Landscapes of Empire, Religion & Culture

This summer, experience how two former world empires have evolved throughout time, from antiquity to the present day. Visit cultural sites once inhabited by sultans and emperors and examine how history, politics and religion have influenced the physical and cultural landscapes of Rome and Istanbul. Courses focus on the humanities and social sciences.

- **Units & Duration:** Earn 9 UC qtr/6 sem units in 6 weeks
- **Language Prerequisite:** None
- **Program:** Landscapes of Empire, Religion & Culture
UK-England
Brighton

University of Sussex
Adjacent to the resort beach city of Brighton and less than an hour from London by train, the University of Sussex provides individual attention and small group teaching in a friendly, cosmopolitan environment. Access an exceptional array of course offerings ranging from media and pop culture to psychology. Life sciences majors may gain a full year’s equivalent of calculus-based physics, and students in many majors may fulfill GE or major requirements.

- **Units & Duration:** Earn 12 UC qtr/8 sem units in 8 weeks
- **Language Prereq:** None
- **Program:** International Summer School, University of Sussex

London School of Economics & Political Science
Give your résumé a boost as you study alongside current and future leaders in finance and politics. This is an opportunity to study at one of the world’s most highly regarded and exclusive universities. Courses include core economics and a full range of related disciplines—all taught in the historic heart of London, just footsteps from major cultural attractions.

- **Units & Duration:** Earn 5.5 UC qtr/3.7 sem units in 3 weeks or 11 UC qtr/7.3 sem units in 6 weeks
- **Language Prereq:** None
- **Program:** Summer School, London School of Economics

UK-England
Cambridge

University of Cambridge
This is a unique opportunity to attend Cambridge, a storied institution whose academic reputation and prestige are unsurpassed. Experience traditional English university culture and the renowned beauty of the campus. Choose from a wide range of subjects in the humanities, social sciences, science, business, law and the arts. A highlight is the 4-day cultural trip to Edinburgh and northern England.

- **Units & Duration:** Earn 15 UC qtr/10 sem units in 8 weeks
- **Language Prereq:** None
- **Program:** International Summer School, Pembroke/ King’s College, University of Cambridge

UK-England
London
