

INTERNSHIP AND RESEARCH EVALUATION FORM

The form evaluates an Internship or Research experience courses at the partner institution. It is not for Special Study Projects or internships a student designed independently.

Name of Student: _____

Home UC campus: _____

Country/Host University: _____

Year/Term: _____

Major: _____

Subject Area of Project: _____

Internship Research

SUPERVISION:

Name of Organization: _____

Name of
Instructor/Supervisor: _____

Course # and title: _____

E-mail address: _____

DESCRIPTION: Write below and/or attach a full project description. Description should include general responsibilities, specific tasks, skills learned, final product(s), work environment, challenges, and overall experience. Please address how this experience has helped you reach your academic and/or career goals. (For research projects, include a problem statement, methodology, and research outcomes.)

NOTE: We strongly encourage you to use this description as an opportunity to carefully reflect on your project experience -- on an academic and personal level. We welcome critical comments since they will help us evaluate student experiences at large. *This evaluation is not directly factored into the final grade you receive for your project. However, if you don't complete and submit this form as required, UCEAP reserves the right to either not report your grade to your campus or report an F.* **450 words minimum**
