

One of UC's most beautiful campuses, **UC Santa Cruz** is surrounded by redwoods and panoramic views of the ocean, while only minutes from beaches, the boardwalk and downtown Santa Cruz. The UCSC tradition of creative thinking and innovation fuels both a vibrant arts community and the renowned high-technology industry of the Silicon Valley.

Study anthropology, biology, ecology and evolution, environmental studies, economics, feminist studies, film and digital media, history, literature, physics, politics, sociology, psychology, theater arts and more.

"When I arrived in Santa Cruz I told my family and friends back in Chile that I was living in a place similar to a national park. It was beautiful, with a lot of animals and nature. Best of all I was living in the middle of a campus surrounded by a forest with the best classes and people ever!"

-- UCSC Reciprocity Student

"What I liked best at Santa Cruz was the sports courses available for free, with subjects from surfing to Brazilian martial arts to ballet. There are also organized events like hiking or canoeing weekends for the athletically adventurous!"

-- UCSC Reciprocity student
