Who is eligible?
The UCEAP Insurance Plan is mandatory coverage for all registered students participating in the University of California Education Abroad Program (UCEAP). Insured students must purchase coverage, at their own expense, for their lawful spouse or domestic partner and eligible dependent children under age 19 if they are traveling and residing with the student while outside of their home country or country of permanent residence.

When is coverage in effect?
Coverage begins 14 days before the official start date of the student’s UCEAP program term provided the required premium is paid. Coverage WILL be provided in the United States during this 14 day period if the covered person does not have other medical insurance.

Coverage will end 31 days after the official end of the UCEAP program term provided the required premium is paid.

If a student withdraws or is dismissed from EAP while abroad, coverage will end 31 days after participation in EAP ends.

Coverage will be provided in the United States for brief visits of no more than 45 days during the EAP study term.

The period of coverage shall not exceed 12 months (15 months for an insured student whose EAP study term requires extension beyond the normal 12-month period) unless a student purchases Gap Insurance.

Emergency Hotel Convalescence
We will pay a daily benefit of $100 per day for a maximum of seven (7) days for hotel room convalescence if a physician determines this to be necessary immediately following a hospital confinement before the covered person’s return home.

Emergency Medical Evacuation Benefits
Emergency Medical Evacuation benefits include payments for expenses incurred for the medical evacuation of a covered person. The benefits are payable only while a covered person is traveling outside of his or her home country.

These benefits will not be paid unless:
- the doctor ordering the Emergency Medical Evacuation certifies the severity of the covered person’s injury or sickness requires an Emergency Medical Evacuation;
- all transportation arrangements made for the Emergency Medical Evacuation are by the most direct and economical conveyance and route possible;
- the charges incurred are medically necessary and do not exceed the usual level of charges for similar transportation, treatment, services or supplies in the locality where the expense is incurred; and
- do not include charges that would not have been made if there were no insurance.

Benefits will not be paid unless we authorize all expenses in advance and services are rendered by our assistance provider.

Emergency Reunion Benefit
If a covered person is confined in a hospital for at least 24 consecutive hours as the result of a covered injury or sickness and the attending doctor believes it would be beneficial for a family member to be at his or her side; or if a covered person is the victim of a Felonious Assault, we will pay the travel expenses for that family member to join the covered person. Covered expenses include a roundtrip economy airline ticket and food & lodging expenses not to exceed $500 a day for up to 10 days.

Benefits will not be paid unless we authorize all expenses in advance and services are rendered by our assistance provider.

“Felonious Assault” means a violent or criminal act reported to the local authorities that was directed at the covered person during the course of, or an attempt of, a physical assault resulting in serious injury, kidnapping, or rape. “Family Member” means a person who is related to the covered person in any of following ways: spouse; parent (includes stepparent); child (includes legally adopted and stepchild); brother or sister (includes stepbrother or stepsister); parent-in-law; son- or daughter-in-law; and brother- or sister-in-law.

Lost Baggage Benefit
We will reimburse the covered person’s replacement costs of clothes and personal hygiene items, up to $1,000 per bag not to exceed $2,000 per trip after satisfaction of the $25 deductible, if the covered person’s luggage is checked onto a common carrier, and is then lost, stolen, or damaged beyond use. Replacement costs are calculated on the basis of the depreciated standard for the specific personal item claimed and its average usable period. The covered person must file a formal claim with the transportation provider and provide us with copies of all claim forms and proof that the transportation provider has paid the covered person its normal reimbursement for the lost, stolen, or damaged luggage.

Natural Disaster Benefit
We will pay 100% of the covered person’s covered expenses if he or she is traveling outside of his or her home country in a place that is struck by a Natural Disaster and the covered person requires emergency evacuation from a Declared Disaster Area.

“Natural Disaster” means a wind, rain, snow, hail, lightning, dust or sand storm, earthquake, flood, volcanic eruption, wildfire, or similar event that occurs by natural causes and that results in severe and widespread damage.

“Declared Disaster Area” means an area damaged by a Natural Disaster that is officially declared a disaster area by a state government or the federal government if the event occurs in the United States of America, or by a corresponding government authority if the event occurs outside the United States of America.

Benefits will not be paid unless we authorize all expenses in advance and services are rendered by our assistance provider.
Personal Property Benefit
We will reimburse the reasonable cost, up to $2,500 per item or set of items not to exceed $5,000 after satisfaction of the $25 deductible, for replacement of any personal property that is lost or totally destroyed while the covered person is on a trip. Replacement costs are calculated on the basis of the depreciated standard for the specific personal item claimed and its average usable period. The covered person must demonstrate that he or she has taken reasonable precautions for the safety and security of any covered property.

The company requires certification by a police or security authority in an incident report. For any claim the covered person makes under this benefit, we are entitled to make reasonable repairs or salvage efforts to restore his or her personal property or to keep the damaged property if we choose to do so. The company will require valid receipts of replacement goods prior to payment of any benefits.

“Personal Property” means personal goods belonging to the covered person, or for which he or she is responsible, and are taken or acquired by him or her during the trip. It does not include vehicles (including aircraft and other conveyances) or their accessories or equipment.

Political Evacuation Benefit
If a formal recommendation from the appropriate authorities is issued for the covered person to leave the host country due to political or military events in a host country, or if the covered person is expelled or declared persona non-grata by the host country, we will pay 100% of the usual and customary charges incurred for the transportation to the nearest place of safety or for repatriation to the covered person’s Home Country. Evacuation and repatriation must occur within 10 days of any such event. Coverage will apply to the most appropriate and economical means consistent under the circumstances with the covered person’s health and safety. Evacuation and Repatriation costs will be paid only once per covered person, per occurrence.

Additional Exclusions: This benefit will not be payable: 1) for losses recoverable under any other insurance or through an employer; or 2) for losses arising from or attributable to: a) alleged violation of the laws of the host country (unless we determine such allegations to be fraudulent), or b) failure to maintain required documents and visas.

Benefits will not be paid unless we authorize all expenses in advance and services are rendered by our assistance provider.

Repatriation of Remains
Repatriation of Remains benefits include charges for preparation and return of a covered person’s body to his or her home country if he or she dies as a result of a medical emergency. Covered expenses include, but are not limited to: expenses for embalming or cremation, the least costly coffin or receptacle adequate for transporting the remains, and transporting the remains by the most direct and least costly conveyance and route possible.

Benefits will not be paid unless we authorize all expenses in advance and services are rendered by our assistance provider.

Trip Cancelation Benefit
We will reimburse the amount of non-refundable money the covered person paid for their trip, up to $2,000, if he or she is prevented from taking the trip or the trip is interrupted as the result of injury, sickness, or death that occurs prior to the trip, or during the trip to either the covered person or a Family Member. “Family Member” means the covered person’s parent, sister, brother, husband, wife, children, or grandparent.

Trip Delay Benefit
We will pay incurred expenses up to $200 per day for up to five (5) days if the trip is delayed for more than six hours for reasonable, additional accommodations and traveling expenses until travel becomes possible. Incurred expenses must be accompanied by receipts. This benefit is payable only for one delay of the trip.

Travel Delay must be caused by one of the following reasons: injury, sickness, or death of either the covered person, a family member, or traveling companion; carrier delay; lost or stolen passport, travel documents, tickets, or money belonging to the covered person or his or her traveling companion; quarantine; natural disaster; the covered person being delayed by a traffic accident while en route to a departure; hijacking; unpublished or unannounced strike; civil disorder or commotion; riot; inclement weather which prohibits common carrier departure; a common carrier strike or other job action; or equipment failure of a common carrier.

A child, for eligibility purposes, includes an insured student’s natural child; adopted child, beginning with any waiting period pending finalization of the child’s adoption; or a stepchild who resides with the insured student or depends on the insured student for financial support. A Dependent may also include any person related to the insured student by blood or marriage and for whom the insured student is allowed a deduction under the Internal Revenue Code.

Insurance will continue for any Dependent child who reaches the age limit and continues to meet the following conditions: 1) the child is handicapped, 2) is not capable of self-support, and 3) depends mainly on the insured student for support and maintenance. The insured student must send us satisfactory proof that the child meets these conditions, when requested. We will not ask for proof more than once a year.

An Emergency Medical Evacuation also includes medically necessary medical treatment, medical services, and medical supplies necessarily received in connection with such transportation.

“Medically Necessary” means a treatment, service, or supply that is: 1) required to treat an Injury or Sickness; 2) prescribed or ordered by a Doctor or furnished by a Hospital; 3) performed in the least costly setting required by the covered person’s condition; and 4) consistent with the medical and surgical practices prevailing in the area for treatment of the condition at the time rendered. “Overseas Study Trip” means travel by air, land, or sea from the Insured’s home country to a host country for the purpose of participating in an EAP program. It includes the study term.

“U&C Charges” means usual and customary charges or the average amount charged by most providers for treatment, service, or supplies in the geographic area where the treatment, service, or supply is provided.
