

UNIVERSITY of CALIFORNIA

Education Abroad Program

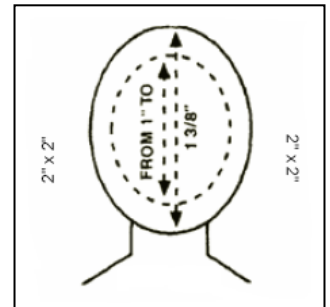

Photograph Instructions

- All Chile students must submit two (2) passport photos to UCEAP.
- You will also need 3-4 photos for your Chilean student visa application.
- It may be easiest to have them all taken at once.

1) Get quality photos taken. Having your photos taken at a passport photo service makes this much easier than trying to do it yourself.

2) Write your full name, term (Fall, Year, etc.), academic year, host university, and country on the back of EACH photo. Make sure the pen ink dries clearly and that you do not damage the photos in the process.

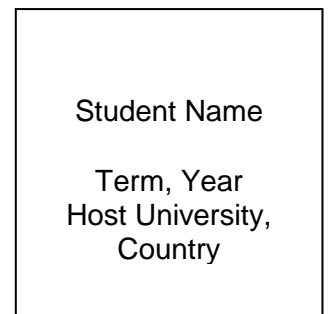

3) Submit required photos directly to UCEAP. Keep others for your visa process (you will submit those to the consulate later on).

Front

The photographs must be in *passport format* and must meet the following **specifications**:

- Passport size only (2" x 2")
- Plain white background
- High resolution color, not black and white
- A picture of you, head and shoulders centered in the frame, facing full front
- Taken within the last 6 months
- Printed on real photo paper
- No other people or objects should be visible in the photo
- Cut outs and color photocopies will not be accepted
- Funny faces will not be accepted
- Photo Booth photos will not be accepted

Back

****Keep in mind that these photos will be used for identification purposes abroad, and will be seen by your fellow classmates, faculty and staff (including Study Center staff and Program Coordinators) and possibly professors****

Incorrect or damaged photos will not be accepted and will need to be redone at your own expense.
