Instructions
University of Lyon 2012-13

This is a French translation of the Financial Guarantee Form. This is only required if you were required to submit a Financial Guarantee Form to the French Consulate with your visa application (i.e. you are financially supported by someone other than yourself or financial aid).

The sources of support must be identical to your Financial Guarantee Form(s). You should have this form completed by the same person who filled out the Financial Guarantee Form. It could be you, a parent, a guardian, etc.

Bring one original and one photocopy *Engagement de Prise en Charge Financiere* for each source of support with you to France. You may also want to keep a copy for your own files.

This form does not need to be notarized.

The name of the educational institution you will be attending while in France should also be listed on this form and should match the name listed on the Financial Guarantee form.
