Photocopy of Financial Guarantee Form Instructions

University of Lyon 2013-14

If you are required to submit a Financial Guarantee Form to the French Consulate with your visa application (i.e. you are financially supported by someone other than yourself or financial aid), make a **photocopy** of the notarized Financial Guarantee Form and **bring it with you to France**. See the “Financial Guarantee Instructions” and “Financial Guarantee Form” under “Consulate Forms and Instructions” of your Predeparture Checklist for instructions on how to complete this form.

Note: You will take the original and one photocopy of this form to the French Consulate as part of your French visa application. **You will need to make photocopies of the original form before you submit it to the French Consulate—the form may NOT be returned to you once you submit your visa application.**
