

## Program Dates, Details & Arrival Information

### CIEE Study Center at University of Hyderabad, Hyderabad, India Fall 2013

The Program Details contain important information about your upcoming semester. However, it is very important that you read the Program Handbook and all contents of the acceptance materials to learn more about how you have to prepare for your semester in Hyderabad.

#### Travel to Hyderabad, India

Airfare to and from Hyderabad is **NOT** included in your program fee. As flights from the U.S. tend to arrive in the middle of the night, students should make their own reservations to arrive in Hyderabad on **July 9, 2013 between midnight and noon**. Students arriving on this day will be greeted by the resident staff. Please lookout for "CIEE" placard at the Hyderabad airport. It is advisable to book your return flight after you arrive in India and register for your residential permit with the help of CIEE staff. This permit will determine the official date that students will need to depart India.

#### Students who are unable to meet with the resident staff at the airport should meet the group at the CIEE Study Center located on the University of Hyderabad's campus.

For any late arrivals due to flight delays or rescheduling, students must notify the arrival date & time along with flight details to CIEE resident director through email. Instructions on how to get to the site will be included in the *Final Mailing* which is e-mailed to students approximately 30 days prior to the program arrival date.

Students should plan to depart from the program site on the program end date as all CIEE sponsored accommodations, i.e. housing, etc. will not be provided after this date. Please note that students are responsible for making their own arrangements to reach the airport on the program departure date.

**Please remember that students are not permitted to arrive after the official program Student Arrival Date stated below, or depart prior to the scheduled Student Departure Date.**
