EXPERIENCE ALL THAT CHINA OFFERS!

A dynamic city where the global future unfolds, Beijing and Shanghai offer exciting perspectives and unparalleled opportunities.

Summer, fall, spring, and year programs offer exciting perspectives and unparalleled opportunities.

- Accelerate your language proficiency as you interact daily with locals.
- Explore foreign policy, economics, history, and globalization with a new point of view.
- Pursue rewarding internship and volunteer service opportunities.
- Walk the scenic grounds of the Summer Palace, the shoreline of the Bund, or the dramatic expanse of Tiananmen Square.

On UCEAP China you can study...

- American Studies
- Anthropology
- Archaeology
- Architecture
- Art History
- Asian Studies
- Bioengineering
- Biological Sciences
- Business Administration
- Chemical Engineering
- Chemistry
- Chinese
- Civil Engineering
- Communication
- Comparative Literature
- Computer Science
- Development Studies
