

# PSYCHOLOGY

Studying psychology in Australia provided a new perspective on this growing field and sparked interests in related areas, such as social work and criminology. I love interacting with people from different cultures and finding a sense of understanding.

# PSYCHOLOGY

Studying abroad offers an exciting framework for your major, equipping you with an international résumé and confidence in your field. On UCEAP, you can earn UC credit as you learn about military psychology in Israel, enjoy an intimate class setting in an elite psychology program in Spain, or conduct a psychology research internship in metropolitan Hong Kong.

## UC-Approved Courses

All our courses abroad award UC credit and grades. Among many topics, explore cognitive science, social psychology, developmental psychology, biological psychology, clinical psychology, and more. Choose from programs offered in English, Spanish, and French, among other languages.
