Sample MyEAP Study Lists

MyEAP study list registration is required for all UCEAP students. The courses registered in MyEAP will be on your UC transcript with course titles, subject areas, course numbers, units, and grades which will be calculated into your cumulative UC GPA.

**UCEAP Course Numbers**: UCEAP course numbers do not correlate to any specific UC course numbers. UCEAP enrolls students from all 10 UC campuses—all of which have their own course numbers. UCEAP uses the UC numbering scheme in the MyEAP Course Catalog: 1-99 are lower division, 100-199 are upper division, and 200s are graduate level.

**Japan – Summer, Osaka Lab Research**

All UCEAP students enroll in one upper-division lab for 12 quarter/8 semester UC units. Subject areas will vary depending on lab placement.
