

Peace Corps Prep Guide

UCEAP has partnered with the Peace Corps to offer a program that will prepare you for international development fieldwork and potential Peace Corps service. To meet the goals of the program, you'll build four core competencies through interrelated coursework, hands-on experience, and professional development support. These four competencies are the following:

1. TRAINING AND EXPERIENCE IN A WORK SECTOR
2. FOREIGN LANGUAGE SKILLS
3. INTERCULTURAL COMPETENCE
4. PROFESSIONAL AND LEADERSHIP DEVELOPMENT

This document explains each of these requirements in detail and provides specific examples from your campus. **Use this guide to map out your UCEAP Peace Corps Prep course of study.** In particular, refer to this when completing your Peace Corps Prep application, where you'll need to document how you plan to fulfill each requirement. **This guide aligns point-by-point with each section of the application.** Relevant undergraduate coursework, training, and experiences completed prior to your application can be used to fulfill Peace Corps Prep requirements. Be sure to include them in your application.

1. Training and experience in a specific work sector

3 APPROVED COURSES + 50 HOURS RELATED EXPERIENCE + REFLECTION ESSAY

Leveraging concrete knowledge and skills is central to on-the-ground international development work. Through this Peace Corps Prep program, you will begin to build a professional specialty, which should serve your career well whether or not you become a Peace Corps Volunteer.

Detailed below are [six sectors](#) in which Peace Corps Volunteers serve. Choose one sector to focus on and complete at least **3 courses** that align with that specific work sector (they can but do not need to come from your academic major or minor). You also must accumulate a minimum of **50 hours of volunteer or work experience** at home or abroad in that same sector—preferably in a teaching or outreach capacity—and write a **reflection essay** (500 words minimum) about it. While you should include a description of your position and responsibilities, the majority of the essay should focus on how your experience prepared you for your chosen work sector.

PEACE CORPS TIP

If you intend to apply to the Peace Corps, the best way to assure that you will be a strong candidate is to explore Peace Corps' openings and identify the [type of assignments](#) in which you'd like to serve, then review the positions' required and desired qualifications and build them up accordingly. In the process, you should fulfill these Peace Corps Prep experiential requirements. Please note that actual Peace Corps assignments are based on local needs and thus may or may not align seamlessly with your qualifications. Flexibility is central to the Peace Corps experience.

2. Foreign language skills

REQUIREMENTS VARY BY LANGUAGE

Working across cultures often entails verbal and nonverbal languages distinct from your own. Building foreign language skills is thus a second key component of the Peace Corps Prep curriculum.

Peace Corps Prep minimum language course requirements align with those needed by applicants to the Peace Corps itself, which vary by linguistic region. This requirement can also be fulfilled by a letter of proficiency from a professor or a score of intermediate or higher on a placement test.

LATIN AMERICA: Individuals wanting to serve in Spanish-speaking countries must apply with strong intermediate proficiency. This typically means completing **three quarters or two semesters of intermediate-level Spanish**.

WEST AFRICA: Individuals wanting to serve in French-speaking African countries should be proficient in French or Portuguese, usually through **one intermediate or higher course**.

EVERYWHERE ELSE: The Peace Corps has no explicit language requirements for individuals applying to serve in most other countries. However, you will still likely learn and utilize another language during service, so it is helpful to have taken at least **one foreign language class**.

3. Intercultural competence

ONE TERM ABROAD + REFLECTION ESSAY + 3 APPROVED COURSES

Engaging thoughtfully and fluidly across cultures begins with one's own self-awareness. With this learning objective, you will deepen your cultural agility through a mix of introspective courses and a term studying abroad in which you learn about others while reflecting upon your own self in relation to others. The goal is for you to build your capacity to shift perspective and behavior around relevant cultural differences.

Study abroad can be a beneficial precursor to service abroad in many ways. It can foster resilience, self-sufficiency, and global awareness and prepares you for the intercultural realities inherent to Peace Corps service. **Study abroad with UCEAP** for at least one term and write a **reflection essay** (500 words minimum) on how living in and interacting with another culture has prepared you to build relationships and integrate yourself into a new community.

Take at least **one diversity and inclusion course** to help you increase cultural self- and other-understanding, building your adaptability around relevant cultural differences. Examples would be Intercultural Communication, Multicultural Counseling, or courses that integrate self-reflection into the study of marginalized groups (i.e., classes focused on race, gender, sexuality, or disabilities).

APPLICABLE COURSES AT UCB:

- SOCIOL 169. Cross-Cultural Communications
- LGBT 146. Cultural Representations of Sexuality
- ETH STD 145. Religion and Ethnicity
- AFRICAM WIII. Race, Class, and Gender
- UGIS 110. Introduction to Disability Studies

Take at least **two global or area studies courses** such as international development, area studies (i.e., Black studies, Chican@ studies, Middle East studies, etc.), the economics of poverty, peace studies, cultural anthropology, world literature, etc. Global/area studies course 2 can also be fulfilled by studying abroad for a term on a UCEAP program in a [country](#) that has at some point hosted Peace Corps Volunteers.

APPLICABLE COURSES AT UCB:

- GLOBAL 132. Conflict Resolution: Theory and Practice
- GLOBAL 100D. Development and Underdevelopment
- GPP 105. The Ethics, Methods, and Pragmatics of Global Practice
- GPP 115. Global Poverty; Challenges and Hopes in the New Millennium

PEACE CORPS TIP

Prolonged intercultural experiences—such as volunteering abroad, supporting new immigrants or refugees acculturate to the United States, or volunteering in diverse schools—would also strengthen your Peace Corps candidacy significantly.

4. Professional and leadership development

RESUME AND INTERVIEW SUPPORT + LEADERSHIP EXPERIENCE + ONLINE PRESENCE

Peace Corps service and similar international development work opportunities are highly professional and selective. Peace Corps Prep requires **four specific activities** that will strengthen your candidacy for the Peace Corps (or any other professional endeavor).

Have your **resume** critiqued by a career counselor at the Career Center.

Attend an **Interview with Confidence** or **How to Talk to Employers with Confidence** program at the Career Center (offered almost monthly).

Complete at least one significant **leadership experience** (such as organizing a campus event, leading a work or volunteer project, or serving on the executive board of a student organization) and write a **reflection essay** (500 words minimum). While you should include a description of your leadership activity, the majority of the essay should focus on how your experience has prepared you to partner with communities to make a difference.

Using your reflection essays and resume, develop an **e-portfolio** or **LinkedIn profile** to highlight your experience, skills, and qualifications in your chosen work sector.

Alumni Mentoring

Although not required, you are strongly encouraged to sign up for the UCEAP alumni mentoring program. You will be paired with an alum that is currently serving in Peace Corps or who is a Returned Peace Corps Volunteer. This is a wonderful opportunity to hear about their Peace Corps experience, ask for advice, and learn how they transitioned from Peace Corps to career.

If you are considering applying to Peace Corps, we suggest that you meet with UCB's Peace Corps recruiter before you apply to discuss your application and any questions you might have.
