

EAP Korea Participants Summer 2009

Financial Aid Minimum Unit Requirements

EAP allows students in the EAP Korea summer program to take either 9 UC quarter units (2 courses) or 13.5 UC quarter units (3 courses); however, the minimum unit requirement for UC summer funding varies by UC.

If you are a **financial aid recipient**, contact your UC Financial Aid Advisor for confirmation of your minimum unit requirement based on your individual financial aid award **prior to departure**. The EAP Study Center staff in Korea is not responsible for advising you on financial aid.

If you fail to register for the minimum units required for your financial aid award, you will be required to pay back any over award of financial aid to UOEAP.
