Yonsei University has an online application process. Submit this electronically and print a hard copy for your records. Do not submit hard copies to EAP or Yonsei University. **EAP participants are NOT REQUIRED to submit an original transcript, proof of health/medical insurance and application fee.**

Note that all EAP students are covered by EAP health insurance while abroad. You will receive an EAP Participation letter verifying your health insurance along with your Admission Letter about six weeks after you apply at Yonsei. We will submit an official nomination letter on your behalf. For address of official transcript, please indicate UCEAP.

Go to the Yonsei International Summer Session website and click on Registration, then Application.

http://summer.yonsei.ac.kr/s3_2.asp

Click on Register ID to create a new account. Remember your id and password in case you need to make changes to your application and check on your application status. Ensure that the required information (name, birth date, etc) is entered exactly as it appears on your passport.

V. FIELD TRIP OPTION

The Yonsei field trip is a three day program scheduled before YISS classes begin. This field trip is optional and the cost is not included in your EAP fees. Yonsei will send you an email with wire transfer instructions. Each student can take only one piece of luggage on board due to limited storage space. Extra luggage will be checked in at the orientation site and left behind during the tour.

If you attend, arrange your own accommodations the night before the field trip. The Study Center recommends Casaville Shinchon (www.casaville.co.kr) because it is close to campus, inexpensive, and safe. They offer a special discount for EAP students, but are not holding rooms for EAP students.

Standard room: 77,000won for EAP (normal price is 117,000 won for a night)
Deluxe room: 88,000won for EAP (normal price is 122,000 won for a night)

Make a reservation in advance since summer is their busy season. Contact Manager Eunsang Yoo at stargun7@gmail.com to make a reservation. The promotion code is EAP, Yonsei Univ student.

*This field trip is different from the EAP Busan field trip, which is scheduled after the program begins.

VII. CHECK LIST

Ignore this section. As an EAP student, you are exempt from those requirements and you do not have to send any supplemental items to Yonsei University.

Complete the online application and print a copy for your records.

*SPECIAL NOTE ABOUT HOUSING

On campus housing fills fast. Once your application is submitted online and you complete the Predeparture Checklist requirements by the due date, you can expect your admission number from Yonsei by email within 3 weeks. Then you can apply for housing. Once your housing is confirmed, you will receive notification that you must provide a medical report with chest x-ray and Hepatitis B results in order to check into your dorm. You can submit a copy of your EAP Health Clearance or complete this requirement within the first 2 weeks after arrival at the Yonsei Health Center (cost is ~$3 USD). SK Global House will provide more information when you check into the dorm.
