Agreement to take anti-malarial pills is mandatory for EAP participation and required by the University of Ghana. Submit the original and three copies. Attach one each of the copies to your original application for admission and copies. The original will be retained at UCEAP. If you order and fill this prescription within 14 days of your program start date, you can submit a reimbursement claim through our insurance provider.

Questions about appropriate preventive treatment against malaria should be directed to your Campus Student Health Center.
