National University of Singapore
Arrival Instructions

Print a copy of this and include with your travel documents.

- Make travel arrangements to arrive in Singapore prior the Official UCEAP Start Date. Students who arrive late are subject to dismissal from the program. For details, refer to the academic calendar posted on your Participants page.
- It is strongly recommended that you arrive at NUS during regular business hours. Refer to the NUS Hostel Admission Services website for a listing of office hours.
- Please note that the residence hall offices are generally not open on weekends or holidays. If you will be arriving outside office hours, you will need to make a special request with the respective residence office. If they are unable to fulfill your request, then it will be your responsibility to arrange for temporary accommodations until the next business day. Additional information will be included with your housing placement notice.
- According to Singapore Immigration Regulations, you must have a confirmed return or exit flight. This may be checked by the airline carrier prior to boarding flights to Singapore and/or by the Singapore Immigration Department upon arrival.
- Keep your UCEAP Participation Letter, NUS Admission Letter and SOLAR E-Form 16 with you. You may be asked to present this at airport.

Flight Itinerary Form: Once you have purchased your airline ticket, complete the online Flight Itinerary Form. This information is reported to the UCEAP Study Center at NUS. If there are any changes to your travel plans, it is important to contact UCEAP or the UCEAP Study Center immediately.

Changi Airport: If you are traveling on an international flight, you will arrive in Singapore at Changi Airport.
  
  Immigration: You will be required to complete an embarkation card given to you on the airplane and proceed through immigration and customs.

Money Exchange: In the arrival area at the Changi Airport, there are foreign exchange booths. UCEAP recommends that students exchange at least U.S.$300 into Singapore dollars. After arrival at your accommodations or during orientation, you can be directed to the nearest banks for further financial needs.

Phone and SIM Card: You may also purchase a phone and/or SIM card at the Changi Airport. This will be useful to call your family verifying your safe arrival or contact the EAP Study Center in Singapore if you need assistance.

Transportation: It is highly recommended that you take a taxi from Changi Airport to the NUS campus. This is the most efficient mode of transportation particularly if you have heavy luggage. There are organized taxi queues as you exit the airport. It should cost between S$20 to S$35, depending on the time of day. For trips originating at the airport, there is also a surcharge of S$3. Between midnight and 6 a.m. there is an additional surcharge of 50 percent of the fare shown on the meter. Tips are not required, but you should consider tipping if the driver assists with loading and unloading your luggage.

Not all taxi drivers are familiar with the residences on campus. Look up the location of your destination ahead of time. Provide the driver with the address of your housing assignment and have a campus map with you to show the driver exactly where you want to go.

---

**UCEAP Study Center:** UCEAP Singapore is administered on site by an Liaison Officer and Administrative Coordinator. Prof. Albert Teo is a faculty member at the NUS Business School. As the Liaison Officer, he assist students with academic issues. He received his PhD from UC Berkeley, therefore he has a solid understanding of the academic systems at UC and NUS. Ms. Daisy Ling will be the primary contact for UCEAP. She will coordinate program logistics and provide support on personal matters.
