HKUST Summer
Arrival Instructions

There is no group flight to Hong Kong. Students are responsible for booking individual travel arrangements to arrive in Hong Kong before the Official UCEAP Start Date. Students who arrive late are subject to dismissal from the program. The Official UCEAP Start Date is indicated on the Program Calendar of your Participants Page. The calendar will be updated as soon as dates are available.

There are several modes of transportation to get from Hong Kong International Airport to HKUST. A taxi is recommended if you have heavy or bulky luggage. Transportation fees must be paid in Hong Kong Dollars.

**Taxi:** There are 3 kinds of taxis which can be identified by their colors. The Red taxi (for Kowloon & Hong Kong Island) is the type you need to take to get from the airport to the HKUST campus. The Taxi fare is estimated at HK$300 and takes approximately 40 minutes.

**Airport Express and Taxi:** Take the Airport Express train from the airport to the Kowloon station. From the Kowloon station, get a taxi to the HKUST campus. The total transportation cost is estimated at HK$280 and takes approximately 50 minutes.

**Bus:** Take the bus number A29 from the airport and exit at the Po Lam terminal. From the Po Lam terminal, get a taxi to the HKUST campus. The total transportation cost is estimated at HK$102 and takes approximately 2 hours.

Not all taxi drivers are familiar with the residences on campus. Look up the location of your destination ahead of time. Provide the driver with the address of your housing assignment and have a campus map with you to show the driver exactly where you want to go.

Hall offices are open 24 hours. When you arrive to check-in to your assigned hall, present your HKUST admission letter and passport to the hall staff. You will be asked to complete a registration card and a resident card. Two passport-sized photographs will be requested.

Once you have arrived in Hong Kong, contact the International Summer Exchange Program Office during regular office hours. There will be a mandatory orientation program.
