UCEAP POLICIES & CONTRACTS

While participating in UCEAP, you remain enrolled in the University of California. Certain conditions and responsibilities are set out in the UCEAP Student Agreement, which is your signed contract with UCEAP and UC. Once abroad, you become a member of both your host country’s society and a representative of the UC community, with associated rights and responsibilities. You must comply with host country laws as well as UC and host institution policies and regulations.

You must read the UCEAP Student Agreement thoroughly and become familiar with the legal aspects of participation before signing the contract online.

While not all-inclusive, the policies in this section outline many of your rights and responsibilities as a UCEAP student. You must know and abide by UCEAP policies and procedures, even when such requirements exceed those of your UC campus.

The following policies implement various provisions of the University of California Policies Applying to Campus Activities, Organizations, and Students issued by the President of the University (effective October 2009).
